The object of this institution is to reform boys and girls committed by the Police Justices, for truancy and such conduct as indicates they are beyond the control of parents. It is a public institution, supported by the city. It takes children viciously inclined, and inures them to habits which tends to lives of usefulness. The Home is in no sense like a prison, but the intent is to make it what its name implies, a "home" for wayward children.

PREFACE.

THE HARRISON AND KEARNY DIRECTORY for the year 1895 shows a greater degree of prosperity in these towns than in the preceding year. There are fewer vacant houses, and the people are more generally employed. Mills and factories are utilizing more hands, and it is only a question of a short period when the good times will blot out the memory of the direful years of 1893-'94.

It is to be hoped that the efforts that have been made to unite Harrison and Kearny with the city of Newark will soon be realized, when there will be but one city and one Directory. As is known to every intelligent person in this vicinity, Newark, Harrison and Kearny are really one city. The latter two are remote from the other parts of Hudson county, and business reasons should so far outweigh political advantage that this result would be speedily accomplished.

It is also to be hoped that before another year rolls around these towns will have a water supply, pure in quality and abundant in quantity. With these things accomplished, little else could be asked for by communities otherwise so richly endowed.

is well known for his PROMPTNESS AND EXPERT WORK. Having the
experience of nearly twenty years and having made the business a study, it
stands to reason that I can give closer estimates on all work, large or small.
Bluffing on the merits of others is not necessary, as my work speaks for itself.
